DETAILED ACTION

Rejection Maintained

1. Claims 18-21 rejected under 35 USC 102e) as being anticipated by Johnson'397 or '423 for reasons of record mentioned in the last Office Action of June 15, 2005 and in the Office Action of March 17, 2005.
2. Claims 18-21 rejected under the judicially created doctrine of obviousness-type double patenting for reasons of record in the last Office Action.

Response to Arguments

3. Applicant's arguments filed September 19, 2005 have been fully considered but they are not persuasive.

Applicant argues that a Rule 132 Declaration is not required here because the applied prior art inventor is Johnson, who is an inventor of the present application. This is not deemed to be convincing because the inventive entity of the applied references and that of the instant application are different, and hence, a Rule 132 Declaration or by an appropriate showing under 37 CFR 1.131 in order to overcome the references.

Further, the double patenting rejection is maintained in the absence of any filing of terminal disclaimer by the applicant or any ground(s) of traversal.

Thus, in the absence of any evidence to the contrary, it remains the examiner's position that the instant claimed invention is anticipated by the prior art of record and rejected under obviousness-type double patenting as discussed above.

Conclusion

4. **THIS ACTION IS MADE FINAL.** Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
